Media Release

CANBERRA – 27th July 2009

We are delighted to announce that on Friday 24th July 2009 the ACT Telstra Business Award Winners were announced and Point Project Management (Point) took out three of the five awards, including the two top gongs.

Point is now one of the largest specialist project management consultancies in Australia and won the following awards:

- The Panasonic ACT Medium Business of the Year 2009
- The Sensis ACT Social Responsibility Award 2009
- The overall ACT Telstra Business of the Year 2009

Only 3 years ago, Point Principal's Michael Snare and Brendan Bilston set out to show the local and national business communities that you can run a National (and now International) business from the Nation's capital.

Brendan Bilston stated, "We are extremely proud that Point has been recognised as having established itself as one of the best companies not only in the ACT but in the nation. We are equally as proud to have been acknowledged as a company that is leading the way in our approach to social responsibility with a great work environment for our own staff as well as our philanthropic endeavours in the wider ACT, National and International communities."

This company has been founded on quality service, excellence in delivering projects, active roles in social and environmental responsibility, the best staff and a company culture that promotes work life balance and recognition for work well done and as a result Point are now finalists in the National Telstra Business Awards which will be announced in Sydney on Thursday 20th August 2009.
